Rubber Chutes

We are involved in manufacturing and supplying of **Rubber Chutes**. Rubber Chutes are made for concrete discharge. The Rubber Chutes offered by us eliminated the plugging of screen undersize chutes and build-up of fines. This further helps in reducing the cleaning costs and lowering the downtime. Fabricated using Abra Super Rubber quality, the Rubber Chutes are durable, easily to bolt-in and convenient to be worked with standard air-delivery equipment.

Details

- Hardness 60+/- Shore A
- Abrasion Resistant
- **Availability** : From 2mm to 8mm
- **Durability** : up to 8-10 Months

- **Color:** Black, Red, Green and Blue.
- **Dimension as per customer requirement.**
